

Lazzarini Electric Heated Towel Rail 240V

RTM500160

Electric Towel Rail 240V 1600 x 500mm Chrome

Lazzarini heated towel rails from Italy provide both a place to hang and dry towels but also provide radiated heat for bathroom comfort. The horizontal bars have a slightly curved round tube profile to assist hanging the towels over them. They are made of high quality steel and protected with a thick layer of hard chrome plating.

Max. Operating Pressure: 7bar

Test Pressure: 10bar

Max. Operating Temperature: 110°C

CARE AND USE

Bathroom Accessories

All finishes are smooth, abrasion resistant, corrosion resistant, fade-proof and easy to clean. All finishes are super hard wearing surfaces that won't chip, peel or tarnish with normal use. All surfaces should be regularly wiped clean with non scouring, neutral wash solutions.

LIMITED PRODUCT WARRANTIES

To be read in conjunction with and subject to all terms and conditions contained in the Waterware 'Producer Statement' available on-line (<http://www.waterware.co.nz/media-downloads>) From date of purchase, Waterware Services warrants products from the following categories to be free from manufacturing defect subject to exclusions (if applicable):
